KPTnet customer portal online agreement

Upon signing this document, you will automatically receive online access to the KPTnet customer portal. You agree that your insurance transactions will principally be managed electronically without paper documents. You can view your personal data at any time in the secure, personal service area of KPTnet. Insured persons who use KPTnet exclusively receive an online discount on certain supplementary insurance policies as well as free Internet legal protection insurance. Use of the KPTnet customer portal is subject to the General Terms and Conditions for Online Access. If you would additionally like us to send your documents by post, simply request the Paper Plus option. Note, however, that if you choose this option, you will lose the online discount on various supplementary insurance policies and the free Internet legal protection insurance. By submitting the insurance application, you confirm that you have read and agree to the Terms and Conditions for Online Access. You will find these at www.kpt.ch/agb_online-zugang.

☐ I am not interested in online access and would like to receive all documents by post.

The changes take effect on: _____

Place/date: _____ Signature: _____

Please return the completed and signed form in the reply envelope. Thank you in advance.
